One of the few remaining art deco classics in Ringwood, number 6 has undergone an elegant interior refresh in keeping with the decorative era inspired by bold geometric form and opulent finishes. Showcase leadlight box windows, ornate ceilings, walls and doors have been enhanced by new floating floors, central heating, and a black tapware bathroom for live-in readiness close to the train station, Eastland and Costco. Set in the main road medical hub for business prospects, the prime 660sqms (approx.) property offers main road exposure behind remote gates with rear parking potential at the end of an extended driveway, testament to the many medical facilities surrounding Ringwood train station. A stucco façade and grand front verandah are matched by an equally dramatic entrance hall of lofty ceilings, and wood panelling - spotlighting the design beauty of this unique residence. The fresh modern floors, roller blinds and paintwork blend seamlessly with the home's original layout which frames the living room, dining hall and master bedroom with gorgeous diamond accent windows, adding a 3rd guest bedroom and sunroom overlooking the grassed rear yard. For design aficionados, this is a thoughtful rejuvenation of a heritage home, perfectly placed to let you embrace lifestyle living close to Eastland's retail and dining mecca, local sporting facilities including Aquanation pool and gym, Greenwood and Julibee Parks, and exceptional transport connections via bus, train, the Eastern Fwy and Eastlink.
