Kimberley 225 Beach The Kimberley design range, exclusive to G.J. Gardner Homes, provides entertaining and private spaces with effortless connections throughout the home to meet the needs of contemporary living. A superb blend of modern features and inclusions makes the Kimberley a home you can relax and enjoy for years to come. An open plan family zone creates the perfect space for entertaining friends and family, with a central kitchen and walk-in-pantry overlooking the dining and family living areas that leads out to an outdoor covered alfresco. A separate lounge allows the opportunity to escape and relax. Good separation of private spaces is provided throughout with the master bedroom including a well-appointed ensuite and walk in robe, privately positioned at the rear of the home while towards the front is the kids' zone with the additional bedrooms, central activity room and family bathroom. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Kimberley design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the rear & side of the home, providing sustainable and comfortable living conditions throughout the year.
