\$600,000

This 685 acres of grazing country offers buyers a blank canvas to build on or would ideally suits those looking for additional grazing land. Located in the Ballogie area only 38km West of Tingoorra and 54km North West of Kingaroy. Approximately 60 acres ex cultivation, open grazing flats and selectively cleared grazing leading into good straight stands of Narrow leaf ironbark timber. Double frontage to Ballogie Creek, 2 dams along with a tank and trough that were previously used with a sand spear in the creek. The land has been fenced into 3 main paddocks with both the dams fenced off as well. Majority of the fencing is 4 barb and split posts, all in good condition. The property is home to cattle yards with a cattle crush and ramp as well as a donga that has a verandah on the front. For more information, call Alex Haig on 0429 686 145
