\$1,205,000

A reinvention of its classic bones, this stylish two bedroom clinker brick home sits street front overlooking its huge and secure garden beauty. Highlighted by a sensational marble look kitchen with leading Bosch appliances including an induction cooktop and pyrolytic oven, this refined haven reveals a wide entry foyer, light filled living and dining areas, two well proportioned bedrooms with built in robes, a fully tiled bathroom, and a vogue laundry with separate powder room (second toilet). The elevated rear deck is ideal for soaking up the northern sun, while the fantastic front garden is your safe space to let the kids play, dogs run loose or even entertain alfresco style on the brick paved patio. On trend with its light Baltic pine timber floors, this endearing home is improved with double blinds, ducted heating, reverse cycle air conditioning, two water tanks, an auto garage and an auto gate to extra secure parking in the front courtyard. In a lovely location, a heartbeat to Halley Park and the Chadstone bus, walk to Patterson Road's gentrified shopping strip, Patterson station, OLSH College and the dog park at Victory Park, while just moments to Tucker Road Bentleigh Primary School and Centre Road convenience.
