\$555,000

Solid construction, thoughtful design and delightful modern touches provide this sturdy villa with a timeless elegance from front to back. If you're looking for a stylish lifestyle upgrade or a very sensible addition to your real estate portfolio, you're going to want to take a closer look! Sitting at the front of a two-unit complex, maximum street appeal is assured thanks to the eye-catching exposed brick, low-set façade. It's complemented by the lovingly tended front yard, where lawns and plants sit astride the paved driveway leading to the rear secure garage, which has tandem roller doors leading to the back courtyard. A front porch invites you indoors, where you enter into the open plan living, dining and kitchen. United by a smart aesthetic, this is the social centre of the home, coming with air-con and a ceiling fan for year-round comfort. It's anchored by the upmarket kitchen, a treat of high visual standards and extreme functionality. Sliding glass doors lead from the dining area out to the paved and private courtyard. This low-maintenance space provides the home with true lock and leave capabilities, while providing a handy addition to your entertaining options. The two bedrooms are decent in size, both coming with built-in robes, brand new vinyl flooring and ceiling fans. They have easy access to the central bathroom, which is a crisp and sparkling space with a shower, bathtub and vanity. The home also has an internal laundry, that leads into a second toilet. On a quiet and family-friendly cul-de-sac, 10 Commodore is in a sought after Tuncurry pocket. Within moments you can be on the water, sunning yourself on the beach or shopping in the centre of town. Retail, amenities, schools, restaurants and cafes are all within easy reach, making this an opportunity you don't want to miss. Get in touch with the JKL team today for all the information you need.
