\$1,092,000

Behind its Classic facade lies a sophisticated single level residence, remarkable in its generosity of space and outdoor entertaining. This stylish home features large living and dining areas; together with a light filled kitchen with stone benchtops, shaker style finishes and premium Asko appliances; a theme that continues into the adjoining laundry/scullery. A sophisticated bathroom with a bath and designer tapware complements generous bedrooms with fitted robes. The alfresco is bordered in greenery, inviting relaxed entertaining and the home is further complemented by an internally accessed garage and an additional OSP. The property is zoned to Northcote High and Westgarth Primary and is near Johnson Park, High Street, the Fairfield Village and Dennis Station. An inspection will impress.
