A wonderfully positioned at the front of this quiet yet established allotment of Springvale South, a property in which you have almost street frontage & rear side access into the single garage which enables entrance into the rear yard.

An expansive floor plan for a unit, which is well proportioned - a decently sized lounge room with polished floorboards, wall air-conditioner & gas wall heater. A centrally appointed kitchen/meals area which has been renovated with an abundance of cabinetry with a gas cook top, over-head range hood and wall to wall floor tiles. Three bedrooms which are decently sized with lots of incoming natural light. A centrally appointed bathroom with separate toilet & laundry which leads out through to the rear courtyard/garden.

This home will be highly sought and will not be in the market for long, register to inspect for our next open for inspection!
