This stunning home is the epitome of executive living, embodying curated style and sophistication across two generously proportioned, light-filled levels. The focus on a contemporary lifestyle is evident, with a substantial open-plan zone forming the nucleus of the home's lower level. It comprises a spacious living-dining area, and a striking hostess kitchen, an offering that is both highly functional and aesthetically pleasing courtesy of stone benchtops and splashbacks, modern cabinetry, and 900mm stainless steel Blanco appliances. The space is further extended by the adjacency of a large timber deck that enables a seamless fusion of indoor-outdoor living. Framed by an array of natural beauty that enhances the privacy of the idyllic surroundings, it's a place that can be enjoyed for quiet relaxation, alfresco dining, or celebrating small to large-scale events with family and friends. The home's master bedroom, which boasts a walk-in robe and ensuite, is positioned on the entry-level, too; this will be welcomed by a range of buyers who seek this popular configuration. The remaining three bedrooms are located upstairs. Each has a built-in robe and shares the use of a handsome central bathroom, and a second living space that can be used in a variety of ways based on your needs. Contributing further to the home's appeal are ducted heating and refrigerated cooling, timber floorboards, high ceilings, downstairs powder room and full-sized laundry, video doorbell, double lock-up garage with internal access, and an amenity-rich position in one of Mitcham's most popular pockets. You're in close proximity to Heatherdale Train Station, local buses, Eastlink, a variety of desirable primary and secondary schools, and open green spaces like Simpson Park, Heatherdale Reserve and Somers Trail. You're also near Eastland, Ringwood Square, Mitcham's central shopping district, and Brentford Square, ensuring all of your daily needs are met with ease. To avoid disappointment, plan your inspection of this sensational property without delay. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
