This quaint three-bedroom cottage is located conveniently close to shops, parks, schools and all that Miles has to offer. With its own low maintenance outdoor areas to the front and back there is plenty of privacy and outdoor space for the family. The main bedroom is at the front of the cottage away from the other bedrooms creating a private retreat and two bedrooms to the rear. This property has always been well maintained and kept. Being freshly painted throughout and the kitchen refurbished very recently the property has so much to offer and nothing further to do.
