Commanding the northern end of a highly sought after waterfront cul-de-sac sits this stunning, modern residence. Finished to the utmost standard and complimented not only by the position but also by the striking water views, this single level property represents Sunshine Coast living at its best. Beautifully appointed, this home merges the best of both worlds; the convenience of low maintenance living and luxe finishes spread over a spacious, meticulously designed floor plan. This property feels like a brand new home and is ready for you to move straight in. Upon entering the home, you are immediately immersed in the style of living on offer. A neutral, urban palette coupled with clean lines and an extensive use of floor to ceiling glass that opens up to bring the outdoors in creates a modern ambiance that is brimming with comfort. The kitchen which opens up to the outdoor living area, has been designed in such a way that it maximises usable space without detracting from the design of the home. Functionality really is at the heart of this design. The elegant master suite with its plentiful ensuite opens up to the outdoor entertaining area that spills out onto a large decked area, taking in the best of the sweeping views while still providing a private haven. With 2 additional generously proportioned bedrooms, purpose built study, private living area and waterfront jacuzzi, this property is not to be overlooked. Don't miss this rare opportunity.
