This scenic drive draws Melbourne Water Wetlands, Dandenong Creek and leading local schools within it's orbit. While families benefit from an area that is safe, welcoming and diverse, interiors committed to low-maintenance excellence ensure year-round satisfaction. Living, dining and entertaining unfold across a single, shared space captured by polished floorboards and plenty of natural light. Casual spaces for the family to congregate are matched by private living quarters containing 3 bedrooms - 2 with built in robes - and a family bathroom plus double lock up garage. Functional aspects include a well-appointed kitchen with high-volume cabinetry, air conditioning in the primary bedroom and meals area and a powder room with guest access. With spacious sunset yards ideal for large-scale gardening or outdoor entertaining, this premiere location is only steps from parks, reserves and playgrounds. This first class location allows you to live within moments of Dandenong Plaza, Dandenong Hospital, and Dandenong station, the M1 Freeway, Ilim College and local recreation spaces.
