Auction Location: On site Original 3 bedroom, 1 bathroom family home that has been subdivided is the front property of only two with no body corporate. This home has been perfectly preserved with all of its 1950s charm and character. As you enter the home you are greeted with an extra large hallway that leads off to all 3 bedrooms, each room with built in robes. The family room can be located at the front of the home through the double French doors which then leads you to the very cosy meals area and kitchen. To the rear of the home you will find the laundry that will then take you through to the rear court yard and secure parking spaces. A beautiful feature about this home is the established garden at the front the property, giving the home a much bigger feel.
