\$650,000

A rare opportunity to reside on the Western Side of Margaret River. This solid home built in the 1990's has three spacious bedrooms, one bathroom and a north facing outdoor area with plenty of space for parking. The living area is also spacious with a well laid out kitchen. A simple but very efficient design which is close to schools, swimming pool and sports facilities. Plenty of room to renovate and enjoy this affordable home.
