This fantastic townhouse has been held in the same family since the build was completed in 1996. The north facing, split-level design creates several sun filled open plan living spaces that are connected by the high ceilings over the primary lounge room. The second living area (created as an optional third bedroom) is on the same level as the other two bedrooms but could work well as a home office or formal dining room. Located only a short walk to everything that Terrigal Beach has to offer, yet just far enough to provide a quiet and relaxing escape from the popular CBD with its shops, cafés and restaurants. This townhouse is the perfect beachside holiday home where your biggest concern is having to lock the doors and head back to reality. Additional features:- Enjoy two large, spacious bedrooms both with built-in wardrobes- Large contemporary main bathroom with a relaxing generous bathtub and separate shower- Juliet balcony off the master bedroom to enjoy your morning coffee- Floorplan allows possible third bedroom at a small cost of \$4,000- Low-maintenance living offering the ultimate blend of comfort and convenience- Ducted air conditioning creating a comfortable oasis after a hot summer day at the beach- Large double-car garage with internal access- Private, low maintenance courtyard, perfect for alfresco dining, BBQs, or soaking up the sun- 10-minute drive to Erina Fair Shopping Centre - 15 minutes to Gosford Train Station - 20 minutes to M1 freeway to Sydney and Newcastle
