Deceptively more expansive than its intimate façade and wrapped around with secure high fences, this home with a decked private courtyard invites you into a grand open living and dining domain. The adjoining kitchen with stainless steel appliances is sure to impress. These living zones forge harmony between the 3 spacious bedrooms and the immaculate bathroom. European laundry and separate WC lead to the quality built alfresco decked area where entertaining is sheer delight. Additional features: solar panels, ducted heating, evaporative cooling, timber floorboards, storage shed and a double remote garage. Perfectly positioned, this location couldn't be better. Within walking distance to Marian College and Ardeer train station, bus services, parks, sporting grounds, and easy access to the Ring Road don't miss out on this great opportunity.
