For Sale

This stunning home really will make your dreams come true. Our ingenious owners have created something really special and everything is finished to perfection. Travertine from top to bottom spells style and the style here is incomparable. When you want a carefree lifestyle this is most definitely for you. Both levels have amazing outdoor living and the views are simply a bonus. Your private elevator eliminates stairs although your staircase is quite a feature. No expense has been spared throughout this magnificent home. You have four light filled sumptuous bedrooms and your master retreat is truly exquisite complete with its' own home theatre and lounge area. You could even have this as another completely self contained apartment if you wanted. Your kitchen is certainly the heart of this entertainer's delight and you will be part of the action no matter what is happening. Another bonus is your fabulous undercover outdoor kitchen so you can party all year round without the eyes of the world upon you in your private piece of paradise. With three bathrooms (the master is truly spectacular) and a full lock up double garage plus the workshop means you've even got a mancave. What more could you ask for! Call MARNIE ADAMS 0426986775
