\$560 per week

With views of the water, this townhouse has undergone a major renovation, creating a light-filled and spacious contemporary interior and relaxed easy care living close to local beaches, in highly desirable Blackmans Bay. Warm and inviting open plan living upon entry forms the heart of the home, comprising the generously proportioned living and dining room, leading up to the well-equipped kitchen. Four double bedrooms, three with built in robes, are serviced by two bathrooms, and the laundry completes the floorplan. A sheltered sun deck is privately positioned and provides space to relax outdoors or entertain family and friends. Outside, native gardens are low-maintenance and off-street parking for 3 vehicles is accommodated in the driveway. This well-presented property is close to local cafes, shops and schools, and is just a short commute to Hobart's CBD, offering cruisy coastal living nearby to all conveniences. Pets will be considered upon application. This property will be available for a 6-month lease.
