Low maintenance living is at its best with this neatly presented two bedroom brick and tile property! Spacious in design, the open plan layout capitalises on its northern orientation to provide a light and bright feel throughout. A large kitchen area, which has plenty of bench space, adjoins a dining and lounge area. Sliding doors open out onto a private courtyard, ideal for entertaining or relaxing and soaking up the sunshine. Both bedrooms are very generous in size and have a considerable amount of storage in the built in robes. The bathroom includes a shower, bath and vanity plus a separate toilet. A single car garage provides for additional storage or car parking space, also featuring the convenience and security of direct access into the home. There is also plenty of additional storage within the home. A small easy to care for front garden, completes the picture, and, although this home is move in ready, it still provides buyers with the scope to add their own touches and improvements if desired. Ideal for both owner occupiers or investors, this property is located close to both primary and secondary schools, contact us today to arrange your private inspection.
