**\$500,000**

On offer is a sizable three bedroom ground floor unit , fans in every room and a large air con in the living room, great security and three nice tenants in place. Bought as her first home, the unit has been an excellent rental property but our owners world has changed from her early days and she needs to sell. This is an amazing location so close to parks and it is in the Ironside SS and I'Pilly State High school catchments! We think the perfect buyer would be a family buying for the future of their kids attending UQ. The lease end is February 2025 and the tenants pay \$550/week.
