**\$870,000**

This absolute central townhouse is very deceiving and larger than it looks so seeing is believing once you step inside. Built by well known local quality builder Leo Welsh this excellent property is very well designed. There is a master bedroom downstairs with ensuite, large open plan kitchen/living area boasting walk in pantry, large entrance, under stairs storage and access to the 2 outdoor areas. Upstairs features 3 spacious bedrooms (one with a balcony) that all have built in robes and an upstairs bathroom. The home is serviced by reverse cycle heating and cooling throughout, direct access inside from the double garage and all this on a low maintenance block in the centre of town and walking distance to shops, hospital, sporting venues and doctors. If you like to travel or are security wise then close the electric front gate and go. An inspection of this property will not disappoint.
