\$660,000 - \$720,000

Just completed to the highest standards and thoughtfully designed with a focus on quiet relaxation and great entertaining, this three-bedroom, two-bathroom town residence is proudly positioned at the front of a boutique group. Wonderfully private, drive into the double auto garage and step straight inside to a marvellous tri-level configuration. Perfectly elevated, the stylish lounge room sits separately from the generous open-plan dining room. Showcasing a sleek black stone kitchen with a waterfall edge, white cabinetry and Bosch stainless steel appliances, chat with friends while cooking and then invite them to dine alfresco on the generous balcony. Rejuvenate upstairs in the master bedroom with a walk-in robe and luxe stone ensuite and be thrilled by the addition of multiple split system air-conditioners, contemporary floorboards, and a powder room. Only a few easy steps from buzzing Boronia Village with its many large retailers, tasty eateries, and gym, walk to the train station, Knox Leisure works, Boronia K-12 College, and Boronia West Primary School.
