Julian Montebello

\$850,000 - \$930,000

Traditional to look at, totally renovated to live in, this exceptional single level residence enjoys its own street presence, private driveway and complete free-standing independence on a block it shares with only one other unit. Living and dining spaces featuring superb polished floors are complemented by private pergola entertaining and a kitchen of impressive, sky-lit contemporary style. The main bedroom, its bay window, built-in robes and sophisticated ensuite set the tone for two further bedrooms, each with its own built-in robes, and an impressively finished central bathroom. Heating, cooling, ceiling fans, a separate laundry, secure garage and a low-maintenance landscaped forecourt that can accommodate additional cars deliver further appeal in a coveted position close to Altona Beach, Seaholme station and Pier Street.
