If ever you've walked past and fantasised about owning this block of land, 1-3 Coast Road is now available. The street name says it all, as Coast Road wraps around the precipice of the West-side of Macleay Island, taking in the panorama of Garden Island, Redland Bay, Couchiemudlo Island and Victoria Point, before gently landing at Sandpiper Beach. Imagine, the incredible views and waterfront lifestyle you'd have, perched above sea and sand? Laying in the crook of the junction at Piccaninny and Karrawarra streets, this substantial 1411m² waterfront block offers an enviable opportunity. Yes, there's a few incredible trees on the boundary, but there's also grasses, saplings and scrubby undergrowth down to the mangroves and sparkling sandy beach. Using the home at number 5 as a yardstick, you can see what's already been achieved. Picture your wildest deign here, then get cracking with the architect and builder. You're spoilt for entertainment here, with an easy stroll to the Tingira Boat Club, new Art Gallery (under construction) and Bowls Club. You're close to the boat ramp at Dalpura Beach and Emerald Isle shops are easily reached at the end of Karrawarra Street. How convenient! The perfect coastal location awaits, with sunsets, sand and sea in your backyard. Or is it, front-yard? You decide. Don't sit on the edge, call Chris McGregor on 0420 555 997 to get a contract on this once-in-a-lifetime-opportunity.
