\$800,000 - \$880,000

Estimated to be completed in 4-6 weeks These contemporary townhouse residences demonstrate the emotive power of simple, but powerful form-making. The material palette & design - both of which are distinctly modern - are robust and timeless. Design elements include open-concept interiors, seamless indoor-outdoor connections, and distinct spaces for casual entertaining and intimate living. Material components include square-set plaster, timber flooring, and the use of stone and tiling to add a luxurious, polished, and delicate touch. Highly-sought after by families, and for good reason, this celebrated location draws Schramm's Reserve, Doncaster Westfield, Ruffey Lake Park, and Doncaster Secondary College within its orbit.
