\$650,000 - \$715,000

Completely reimagined for a contemporary way of life in a central Leafy Langwarrin locale, this stunning 3-bedroom home is something to behold, with sleek designer touches matched with subtle practicalities for the ultimate lifestyle haven, just moments from every convenience that matters. An automatic entry gate and freshly landscaped gardens precede a facade reimagined with architectural flair, highlighted with under-eave LED lights and a distinctive style that promotes its no-stone-unturned approach to its finish. Fireside open-plan living and dining spaces wrap around a stone waterfall kitchen with premier appliances and a walk-in pantry, with an immense 4-car carport doubling perfectly as an entertaining space for the incoming housewarming. The main bedroom relishes its private yard space and full-width robes, supplemented by two additional robed bedrooms around an indulgent central bathroom with a freestanding tub and dual rainfall shower. Finished with plantation shutters and split-system air conditioning, it sits a moment's walk from Long Street and Turner Road community shops, with The Gateway and Karingal Hub shopping centres, public transport options, quality schools, and Mornington Peninsula Freeway access all close by.*Please note: Photo ID required at all inspections
