Privately positioned at the front of the complex, this spacious villa provides low maintenance living in a perfect location. Offering a functional layout, house sized proportions and a private rear courtyard, this original property presents a great opportunity for downsizers, investors and first home buyers to modernize and add value. Both bedrooms are ideally positioned away from the living space, the main with built-in robe. The combined lounge/dining room is large and inviting, with the dining area located directly off the kitchen providing the perfect space for entertaining guests. The kitchen and bathroom are offered in original condition but are both generous in size. The courtyard is a fantastic space for gardening or relaxing with friends. Completing the package is an oversized lock-up garage and laundry, and a huge storage basement area. - Spacious combined living/dining area - Private and quiet complex - Low maintenance courtyard - Scope to modernise Located in a quiet street close to schools, parks and station, this wonderful villa is sure to be popular.
