\$1,340,000

Stepping inside the home beyond the grand brick entrance, lies a spacious foyer with gorgeous timber floorboards found throughout the lower level. On the left hand side lies the home's lounge that's fitted with ducted heating and air conditioning and remains bright given large windows throughout that capture the sunlight. Located behind the lounge lies the first of the home's four bedrooms. Furnished with plush carpet, an en suite bathroom located behind a walk-in wardrobe and an abundance of space, this room is the height of luxury. To the right of the entrance lies the home's magnificent kitchen. Fitted with an impressive island that overlooks the home's deck and entertaining area, this room is bright and sunfilled, benefiting from a northern rear aspect. The island itself features a waterfall stone benchtop with a large gas stovetop located on it with extractor fan above so you can interact with family members and guests as you cook or entertain. All appliances in the kitchen are Bosch, including the dishwasher and oven. Adjoining the kitchen is a separate laundry that also provides internal access to the home's spacious double garage. Moving upstairs, guests arrive at the large second lounge at the top of the stairs. This space is currently utilised as a work-from-home study, which is light, quiet and sunfilled. The remaining three bedrooms are all accessed by this central lounge. Two of the three bedrooms share a large central bathroom and are furnished with the same plush carpets found in the first bedroom. The bathrooms are furnished with the same tiles and fixtures for visual continuity. These bedrooms feature built in wardrobes for easy storage solutions. The master bedroom also lies of the upper level and features in built wardrobes, carpeted floors and an en suite bathroom. Located on a quiet tree-lined street, this home is still close to the action with transport links and shops found along Station Street, which is just a short walk from the house. Additionally, Springfield Park and Bushy Creek Trail are within arm's reach while Box Hill Gardens and Box Hill Central are also easily accessible granting access to shops, restaurants, cafes and transport links. For those with children, Robert McCubbins Primary School and a range of exceptional secondary schools are easily accessed.
