Unit One in Waterview Terraces, a spectacular apartment complex in Townsville's highly sought Belgian Gardens, has so much to recommend. Just a few short meters in from the complex entrance, is the small undercover carpark, catering for just the residents in Block A. Up a short flight of steps into the apartment, you will enjoy one of the easiest and fastest access from car to home that exist here at Waterview! Displaying the typical layout of most 3-bedroom apartments here, Unit One has had a complete re-paint along with some other upgrades. A wide balcony area overlooks the old putting green with grass and garden surrounds. Inside, three bedrooms all with mirrored robes, two bathrooms, and an open plan living area off the practical kitchen that opens to the balcony. Plus, there is a double linen cupboard, European style laundry with trough, and room for a washing machine and dryer, ceiling fans, large split system aircon and smaller aircons in bedrooms. Waterview Terraces is a stunning apartment complex. Under new management, with a waterfall "infinity" style pool, tennis court, gazebos and open garden area, Waterview is one of the best places to live in Townsville.
