Fresh, New, Modern!

Three bedroom plus study town home in a wonderful location, within only minutes to Homesglen Chadstone, Chadstone Shopping Centre, Batesford Reserve, Monash Freeway & across the road from the Homeplus Homemaker Centre - with everything at your door step, this property is a must inspect.

The front aligned property is usually the most sought after, a decently sized enclosed front yard, yet still low in maintenance gives this home the feel of being positioned on its own. A double story premises with open plan living/kitchen meals downstairs with a split system aircon for your heating and cooling needs, European laundry, stainless steel appliances, stone bench tops, island bench with dishwasher and floorboards through-out the living zone for ease of living & direct access into the rear appointed large single garage. A bedroom and or study on the ground floor with lots of natural light, serviced by the downstairs powder room & a low maintenance rear courtyard with a garden shed for all your extra storage needs.

Upstairs you will find the remaining bedrooms, with a split system to the master bedroom, the remaining two single bedrooms with lots of natural light serviced by a powder room & separate shower.
