This has been a long term investment hold for our owner and for the first time in nearly 24 years has decided to go to market so other investment avenues can be pursued. This decision has not been made lightly but is now committed to the cause. Located in a nice quiet East Port street and within 1.2km of 3 of our land mark beaches, this complex will provide the new owner with a long term income stream and to capitalise on growth over time. Each unit features 2 bedrooms, 1 bathroom and balconies to allow tenants to enjoy some outside living. The building is brick and tile, provides easy care of grounds and would suit a SMSF & other investors looking for that income generation. 1 garage and 2 carports are also available for tenant use.
