\$405,000

It doesn't get any easier to get in to the property market than with this 2 bedroom beauty in the heart of Pakenham. You are literally able to walk to everything, Main Street shopping, Pakenham train station, medical, its all on your doorstep. Investors should also take note, properties in this location are in high demand from good tenants. Our vendors have just spent thousands giving the property a make over. New flooring, kitchen appliances and paint, to name a few, make this one of the best presented 2 bedroom units on the market. You also have a separate living and dining which is hard to find in this price range. The home is more like a house than a unit, no adjoining living areas and a backyard bigger than some houses. A single garage with access to the covered outdoor entertaining area completes the picture. real estate pakenham, pakenham real estate agents, real estate, rental properties
