This outstanding townhouse offers street frontage, its own title, and no body corporate. Upon entering it is immediately impressive to the eye. The kitchen and open plan living area benefits from all the northerly sunshine and is superb space to relax. It also looks out to the peaceful outdoor entertainment area. There are 2 bedrooms ideally positioned away from each other with the master bedroom having a walk in robe and full ensuite facilities. Other highlights include an excellent family bathroom, gas ducted central heating, split system air conditioning, ceiling fans and a double garage with remote door and direct home access. Low maintenance living at its finest.
