This beautiful unit with its leafy Olde Berwick setting and attractive façade is as big as a house. Immaculate in its presentation, this lovingly cared for 2 bedroom unit has 3 separate living areas including a front formal lounge with street frontage to watch the world go by, a family meals/dining area plus an open plan study/rumpus room located upstairs. The property itself is full of natural light, the kitchen and meals area overlook the paved and undercover alfresco and pretty private gardens. Features of this superb property include ducted heating, ducted vacuum, refrigerated and split system cooling plus its own driveway and single remote garage with full rear roller access. Pretty and mature front gardens and wraparound veranda. Everything is maintained immaculately - most of the downstairs area has been repainted, the kitchen has been fully refurbished (apart from the appliances), and the house has been fully re-carpeted. This property is the perfect home in which to enter this much sought-after pocket of Olde Berwick. Enjoy an easy walk to the Village, schools, Akoonah Park market and public transport aplenty.
