\$610,000

Modern style, space and functionality are the focus of this impressively positioned two bedroom, two bathroom town residence enjoying private, street frontage and north-facing indoor/outdoor zones in a boutique complex of only five. Designed to maximise natural light and elevated outlooks, the generous floor plan incorporates open plan living, meals extending onto a sun-filled, covered terrace inviting alfresco dining opportunities. Boasting house-like proportions, the kitchen features stainless steel appliances, stone bench tops and plentiful storage. Private accommodation is provided by two ground level double bedrooms. Both enjoy the convenience of an ensuite, with stone vanity, w/c and oversized shower, and built-in-robe. Further highlights include powder room, split-system air conditioners throughout, video intercom, polished floorboards, easy-care courtyard and front garden, rainwater tank, convenient laundry and internally accessed garage with remote entry. Beyond the serenity of this home, shops, popular cafés, walking trails, parklands and schools are offered in abundance, with great connections to Northern Golf Club, buses, trains, freeways and airports.
