In this market, particularly in Trevallyn, it is rare to find homes priced in a more affordable price range that enable you to at least get into the home owner or investment sector. Tas Oak timber floors throughout, 2 bedrooms, timber kitchen with dishwasher and electric appliances, lovely lounge with north facing window and opening, through timber bi-fold doors, into a separate dining room featuring wood heating. There is a hint of character that, with a little TLC could turn this 1950's built home into a very cosy little 'haven'. Also a renovated bathroom, 2 toilets, separate laundry and reverse cycle heat pump add to the value of the property. Outside there is parking for 2 cars, a garden shed and level access. The reserve opposite provides the owners (or tenants) a wonderful space to enjoy a little bit of nature and capture panoramic views of the city and Tamar River all so close to schools, shopping village and Cataract Gorge.
