\$700,000 - \$770,000

This engaging two bedroom two bathroom home has a traditional entry foyer with stippled glass doors to the endearing lounge/versatile third bedroom with a beautiful original brick open fireplace, a sun filled dining area (study nook) and an inviting family area that adjoins the well appointed kitchen (stainless steel cooking appliances). There are two substantial bedrooms each with full height mirrored robes, a timber accented spa bathroom and a compact laundry that leads into the sought after second bathroom. Both front and rear gardens are easy care and finished with mod grass for entertaining or play with the front garden enjoying the added versatility of an extra secure car space and/or camper trailer. You could make some modern touches in time, as this inviting home is ready to go with gas heating, reverse cycle air conditioning, instant hot water and an auto garage. Around the corner from Coatesville Primary School (zone), FoodWorks, Black Salt Café and buses to Chadstone, Bentleigh, Brighton and Monash University, walk to Centenary Park and The Links Shopping Centre.
