Available for rent is a 2-3 bedroom ground floor unit that has been renovated in an older style building but is clean and well presented with polished floors throughout (no carpets whatsoever). The interior features a timber kitchen in a good size room at the centre of the property which can also be a living room if using this property as a 3br unit, however, some tenants use the larger bedroom at the front of the property as a lounge room so using the unit in this configuration it is a spacious 2 bedroom unit with a separate lounge and a massive eat-in kitchen/dining. New curtains replaced recently and includes a single car-space off street. Unfortunately, dogs are not allowed.
