This fantastically located two level unit is yours to call home. The first floor showcases a great size bedroom with built in robes, central bathroom, European laundry and open plan kitchen/living/dining area featuring electric cooking, plenty of cupboard space and an island bench. This all opens onto a great size balcony. Walk upstairs to find a second bedroom with built in robes, central bathroom and large lounge area leading out to a second balcony. With split system heating/cooling, off street parking for one car and located right in the middle of High Streets restaurants, bars and shops with tram and train at your doorstep, this one is not to be missed.
