\$845,000

Open the door to discover a surprisingly sophisticated sanctuary, uniting style, beautiful proportions, quality features and impressive entertaining credentials in a superbly presented three bedroom home. Flowing living and dining areas progress to a large kitchen, set to delight with 900mm appliances, stone surfaces and excellent storage. Sensational outdoor spaces include an entertainer's courtyard and an adjoining deck with a leafy green backdrop, provided by nearby Austin Crescent Reserve. Two of three luxe bedrooms access a relaxing balcony, while the third includes an inbuilt desk and all host built-in robes. Chic and central, the designer bathroom highlights a deep bath and separate rainfall shower. Enhanced by central heating/cooling, hardwood timber floors, extensive storage, a productive front garden and double garage, it's the complete package. Playgrounds, buses and the cafes, restaurants, shops and trains of Gaffney Village are ideally close, the home is zoned to Strathmore College and easy CityLink access is just a short drive.
