\$1,750,000 - \$1,850,000

In a position that already assured its status as one of Newport's most desirable addresses, this spectacular home's allure has been elevated to even higher levels of appeal by beautifully executed updates to its brilliant spaces. Before the details, consider the location! Directly opposite the green expanse of Greenwich Reserve, enjoying memorable views of maritime traffic and stunning sights of Melbourne's city skyline, the setting also puts the Westbourne Grammar campus, cafes and shopping options within easy reach. Elegantly low-maintenance landscaping leads to a welcoming entrance and three of the design's four bedrooms including a main bedroom featuring a fabulous view, walk-in robe and substantial spa ensuite. A central family bathroom accompanies the additional ground level accommodation before superb Tasmanian oak stairs ascend to the first floor's unforgettable proportions. Living and dining areas flow to the balcony's wonderful views while a kitchen equipped with all new Smeg appliances also features restored cabinetry. A dedicated study zone, the fourth bedroom and third bathroom enhance the upstairs excellence of a landmark home, re-painted in an on point palette inside and out. A rear courtyard retreat, basement, storage and parking for two cars contribute extra appeal to a property that's pure perfection.
