A Garden-Encased Gem of a Starter

Taking the prime street front position, this appealing two bedroom brick villa is encased in garden generosity. Flanked by its surprisingly spacious wrap around garden courtyard with a wealth of potential for landscape and alfresco bliss, this classic residence is also huge inside, enjoying a genuine entry hall, an inviting living room with garden views, a cheery kitchen/meals area with room for ideas, two large bedrooms both with built in robes, a bright bathroom with separate toilet and a rear laundry. A ripping renovation project, savvy investment or clever starter with that coveted space for pets and a young one, this versatile unit is comfortable with reverse cycle air conditioning, ample storage and a double auto carport. In a quiet street, moments to Mount Waverley Heights Primary School, Scotchman's Creek Trail, Salesian College, local buses, the Monash Freeway and everything you could ever need at Chadstone Shopping Centre.
