This impressive Edwardian home designed in 1909 could be your own slice of history. The grand proportions of the rooms combined with the modern comforts would make a striking home. Set on 1/2 an acre of established garden with large shady trees, this home still retains its original features including 12ft ceilings, timber floors, fireplaces with ornate mantles and pressed metal and leadlight features. The home includes 4 bedrooms, master with bay window, kitchen with electric cooking and a walk in pantry, 3 large living areas all with split systems, bathroom with bath, shower, toilet and vanity, second bathroom with shower, vanity and toilet, 2nd kitchen/dining with woodstove and split system and laundry. Outside offers a carport, workshop, cellar, 3rd toilet, 2 rainwater tanks, a woodshed and a large back paddock shed. All located on a large corner block of 2000m² with 2 titles with bush views. Inspection will definitely impress.
