OFFERS OVER \$1,095,000

Make no mistake this is not a misprint, these units present extremely well, are located in attractive gardens, and have been regularly maintained and upgraded. Sell your home live in one unit and either operate as is the current usage, overnight accommodation, generating approximately \$385,000 (from 10 units) in 2023, or let on a permanent basis, which should return around \$150,000 plus pa. Upside exists to do slight boundary adjustments as these villas are on 8 titles (with road frontage) and sell. Additionally included are the reception, commercial, and guest laundries, approximately 79m². These units have recently had split system air-conditioners installed, floor coverings and window furnishing replaced, new furniture and painted. They come fully furnished, with linen, crockery, and cutlery. The complex has commercial and guest washing machines. Manicured lawns with trees, scrubs, and an established rose garden in the old railway turning circle. The fastidious owners originally built the units and have lovingly maintained them, it has been a labour of love, for almost 50 years. Located in Strahan, on the West Coast of Tasmania, a very popular tourist destination and a thriving centre for fish farming and Huon Pine. This type of opportunity may never come your way again, so give it priority if it is of interest. Many times below the replacement value. GST may be applicable if turned into permanent lets.
