Affordable, renovated homes are hard to come by in today's market. This one is a must to inspect for any first homebuyer or investor looking to provide a home to one of the great prospective tenants we have on our books who are looking for a home. With renovated kitchen and bathroom 1 Blomfield offers a home that requires little to no work before you can move in. A central kitchen and lounge room is the focal point of the home. The kitchen has been renovated and provides a practical, modern space. The large main bedroom has a classy walk in robe that you would normally see in newer homes. It links through to the completely renovated bathroom. The 2nd bedroom is off the lounge room and is an excellent size for one or two kids. A 3rd bedroom is currently accessed via the deck, but a door between bedroom 2 and 3 can easily be reestablished. The large deck overlooking the backyard is a great entertaining space, allowing you to relax whilst keeping an eye on the kids in the backyard. It is easy to imagine kids playing in this gently sloping backyard - this is a home that can grow with your family. Call today to arrange an inspection - we can't wait to show you your future.
