An intriguing property in one of the most sought-after areas in central Shepparton. The site offers the potential for a multiple of activities. For over 20 years the property has been used as medical/health consulting with four treatment rooms, reception area and waiting rooms, bathroom and two toilets and a secure court yard. Each consulting room has its own split system a/c unit and ceiling fan. All abilities ramp.....Alternatively the home may suit short term accommodation with four bedrooms, kitchen, two toilets and common area. Or you may wish to convert back into a townhouse and live with in walking distance to the CBD. Low maintenance gardens with onsite parking a garden shed and all on its own title. Run your business in a popular location with great exposure and only a few minutes from G.V. Health. Live in the north central walking distance from all the city facilities.
