\$639,000

Situated on a large 1017 sqm corner lot, this brick veneer built, 3 x 1 family home has been well maintained and offers plenty of room for the whole family. Inside, the home has a well presented kitchen with a gas stove and oven with plenty of cupboard space. The kitchen shares an open plan design with the dining room, which flows to the separate living room. All three bedrooms have built in wardrobes, and the house is serviced by ceiling fans and split system air conditioners. Externally, the backyard has a large covered and enclosed outdoor area so you can enjoy being outside all year round. The large backyard currently has a garden shed but offers plenty of room for a shed to be built. The property also features Solar power, Amplimesh security screens and ample parking for all your toys. Currently vacant, you can move straight in or it makes for a great investment opportunity. To arrange a viewing call Darren Cossill today on 0439 931 877.
