\$880,000 - \$960,000

Step into a mid century, open plan home with 5 zoned bedrooms, nestled in the quiet backstreets of Ringwood, close to Eastland, schools, Eastlink and public transport. The kitchen has been enhanced over time, featuring a social layout with lengthy benches, a dishwasher and electric cooking appliances, but everything else about this home oozes nostalgia. The master bedroom leads the way down the hallway which opens up to accommodate the other 4 bedrooms, all with built in robes, and the family bathroom. The traditional sized family block (656m² approx) allows space to create, with a lengthy side patio at your fingertips to enjoy the summer's balmy nights. Ripe for new beginnings, whether that be a knock down/rebuild, a renovation, or to explore the options of a subdivision or unit development (STCA). Further highlights include gas heating, air conditioner and a large shed/garage.
