This beautifully handcrafted home has to be one of the most iconic properties in Denmark. Built of earthbrick & iron, polished pine flooring and a feature spiral staircase to the main bedroom; the home has been the much loved holiday destination of the current owners for over twenty years. Ocean Beach and the Prawn Rock Channel are literally just down the road, and with water views from the home, you'll be able to check out the conditions before heading down for your morning swim. Available with most furniture on a "walk-in walk-out" basis, the home consists of four bedrooms, two bathrooms, a choice of two living areas, plus multiple outdoor areas to choose from depending on the weather. A lock-up garage and workshop is also available. Please contact Andrew on 0409081075 for further details.
