**\$325,000**

This charming home offers a convenient location close to the beach, boat ramp, and local cafes. It features three bedrooms, each equipped with built-in cupboards and security screens for added safety. The combined lounge and dining room provide a spacious area for relaxation and entertaining guests while the enclosed entertainment area offers additional space. With tiles throughout, the house is easy to maintain and keep clean. You will appreciate the inground pool during the hot FNQ summers and, with the outdoor BBQ area, it is perfect for hosting gatherings and enjoying outdoor meals with the family. The property offers ample parking with three-car accommodation, along with a shed and an enclosed room at the back, providing additional storage space or a potential workspace. Contact John for more information.
