Every so often, the ideal home in a fabulous location comes to market. Built in 2020, this BV home has been designed to appeal to our ever-changing lifestyles. The master bedroom with ensuite and WIR is strategically positioned at the front of the home, with bedrooms 2 and 3, main bathroom and rumpus accessed from the family living space. The open plan lounge, dining and kitchen benefit from a northerly aspect. A central island bench, stainless steel appliances and spacious walk-in pantry take care of your storage, prep and cooking requirements. And you can enjoy outdoor entertaining in the alfresco area off the lounge room. The sizeable backyard is a blank canvas if you need room for a decent-sized shed, or a garden shed and veggie gardens. The added bonus of dual access through the front or side sliding gates makes caravan and trailer parking a breeze. Inspections by appointment.
